CHRISTOPHE CLARET

Allegro

以製作三問表出道的Christophe Claret，多年來對聲樂報時一直情有獨鍾，現已是表壇數一數二的三問專家。繼Adagio和Soprano後，品牌再有全新三問系列Allegro登場。新作特色在於全新手動機芯採用了全新的調節器，令報時時產生的雜音減至最低，衝壓鋼大教堂音簧則聲音更為清脆。備有大日曆和第二時區，45毫米表殼，白金或紅金版各限量20枚。新表更破格放在水缸中發佈，藝高，果然膽大。

Following Adagio and Soprano, Christophe Claret presents his latest minute repeater, Allegro this year. The watch houses a redesigned hand-wound movement featuring a new regulator and cathedral gongs made of drawn steel. In addition to the striking function, the novelty is also packed with a big date display and a second time zone indication. Limited to 20 pieces, the watch is available in white gold and red gold with a case sized at 45 mm. During its launch event in Basel, the watch was even presented in a fish globe to demonstrate the brand's minute repeater also boasts exceptional water-proofness. (CHF268,000)
