CHRISTOPHE CLARET

Maestro Mamba

Claret的Maestro，錶面很立體，有時分盤，擺輪連快慢針，還有兩個錐體，一個是日曆，另一個叫“MEMO功能”的，提醒佩戴者每日要完成的事，未做時是一顆沙弗萊石，完事後按一下按鈕變成鑽石，顯示會在半夜自動重設，很聰明。錶面立體得來空間又夠多，品牌於是在上面“放蛇”，飾以一條以紅金製作、上面塗綠色漆的曼巴蛇，讓腕錶忽然間充滿神秘感以及野性氣息。另有紅色的豹紋蛇，每款限量28枚，42毫米黑鈦錶殼，搭配七日鍊的人手上鍊機芯。

Maestro boasts a dial with rich details and dimension: subdial for time, balance wheel with index, plus two conical displays, one for date, another is a “MEMO” function which reminds the wearer to do something daily. Before it's done the display shows a tsavorite, after finishing the task, press a pusher it shows a diamond. The mechanism will reset automatically at midnight. With ample space and rich dimension, the brand has decided to put a snake into the dial, a mamba made of pink gold and painted with green lacquer, adding to the piece a sense of mystery and wilderness. There's also a red pantherophis snake version, each limited to 28. With a 42mm black titanium case, the piece is powered by a manual-winding movement of 7-day power reserve.
